TO WHOM IT MAY CONCERN

Mr. Refayat Haque was employed at the Bangladesh Enterprise Institute (BEI) as an intern from July to September 2015. During his tenure, he performed well on several research tasks that were assigned to him on foreign policy and security issues.

We at BEI were pleased with Refayat's dedication and enthusiasm in his efforts to ensure the success of the tasks he was assigned. We were satisfied and content with his efforts and overall contribution to BEI.

I wish Refayat success in whatever path he chooses to undertake in his life.

Ambassador Farooq Sobhan
